

GOVERNMENT GIVES UP HOPELESS FIGHT

STANDARD OIL CASE ABANDONED TODAY

Attorney Wilkerson Deciding That
Conviction Was Impossible Under
Judge's Ruling

CHICAGO, March 10.—Believing it impossible to obtain a conviction of the Standard Oil Company under the rulings of Judge Anderson, attorneys for the Government today announced the abandonment of the case brought against the Standard Oil Co., on thirty-six charges of accepting rebates from the Chicago & Alton Railway.

Attorneys for the Standard Oil Company asked for immediate acquittal and the jury was summoned into court to pass upon the motion.

The jury returned a verdict acquitting the Standard Oil Company.

The government abandoned the Standard Oil cases following the ruling of Judge Anderson dismissing all counts referring to shipments from Chappelle, Ill. Attorney Wilkerson asked the court if it was true that on the evidence so far presented it would be impossible to convict the defendant. The court replied in the affirmative. Wilkerson then said:

"Then there is no use in going on, and the government rests."

The defense then moved that a verdict of acquittal be brought in. The court explained that he dismissed the Chappelle counts, consisting of over half of the total counts, because of the fatal variance between the indictments and the evidence. He held that the Elkins law provided that the offense could be committed in only two ways: One by violating the law on shipments carried by a common carrier over its own lines, and the other by carrying shipments over its own lines and others. He stated that the indictments relating to the Chappelle shipments charged that they had been carried over one line, whereas the evidence showed they had been carried over more than one line.

LINCOLN, Neb., March 10.—Ruth Bryan Leavitt, eldest daughter of William Jennings Bryan, was granted a divorce from W. H. Leavitt yesterday afternoon.

Mrs. Leavitt and her mother appeared in the court of Justice Cornish and both alleged that Leavitt had not contributed to the support of his wife.

There was no defense. Mrs. Leavitt was granted the custody of the two children.

the Standard Oil Co. for rebating, the jury today, under instructions from the court, returned a verdict acquitting the oil company, and by this verdict wipes out the famous twenty-nine million dollar fine imposed by Judge Landis, and also lets the Standard Oil Co. of Indian oil scot free. It is probable that all other indictments against the Standard in this district will be quashed. The verdict is supposed to be a severe blow to the effectiveness of the Elkins law against rebating.

SHIP GOES TO FLOOR OF SEA

After Disabling Another Boat;
Passengers and Crew
Are Saved

NEWPORT, R. I., Mar. 10.—The steamer Horatio Hall went to the bottom after a collision with the steamer H. F. Dimmock, which it is feared is also a total wreck, today in Greenwich sound between Cape Charles and West Chop.

The Hall was bound for Portland, Maine, to New York, and the Dimmock was bound from Boston to New York. The Dimmock is a freighter. The Hall carried both passengers and freight. It is reported that none of the passengers were killed or injured. The fate of the Dimmock is not known, but it is believed she is still afloat, although badly damaged.

Committees from the Santa Ana Chamber of Commerce and Merchants & Manufacturers Association last night went before the Board of Education to discuss the necessity of improved conditions in school facilities. On the Chamber of Commerce committee were Messrs. Rutan, Carden and Remsburg, and on the merchants' committee Messrs. Trago, Liebig and others.

The committees had visited the school buildings on Church street and the High School building on Main street, and it was their opinion that an addition for the High School is needed and a new building for Central grammar and primary.

SENATE WILL SETTLE CASE

If Killed, Assembly Bill to be
Given up; Vote is Said
to be Close

SACRAMENTO, March 10.—Senator Estudillo's local option bill will come up in the Senate tonight as a special order, and the question, as far as this session is concerned, will be definitely settled.

The indications are that the local option forces have only a fighting chance, as each side claims eighteen votes. The liquor men are more confident than the "drys" of securing those in the doubtful column.

If the Senate defeats the bill tonight, the Assembly fight will be abandoned.

DEAN'S DUCK BILL WILL NOT BE SIGNED

SACRAMENTO, March 10.—It is understood that Governor Gillett will not sign Assemblyman Dean's bill increasing the open season for ducks by two weeks.

JOHNSON INDULGES IN BOASTFUL HARANGUE

VANCOUVER, B. C., March 10.—Resplendent in white spats, red necktie, lavender clothes, and accompanied by a white wife, Jack Johnson attracted more attention today than an Indian potentate. Johnson meets Denver Ed. Morton tonight for a benefit for the Vancouver Athletic Club. He said today:

"You had better look out for yourself, Ed. I feel like eating up some big man, white or black."

Johnson declared that the talk of Jeffries wanting to meet him in a smaller ring than the regulation one did not scare him a bit. He said:

"I'll fight him in a sixteen by thirteen, or even a ten foot ring, if he wants it that way. The smaller the ring the better it will suit me. I'll have to do less chasing around after him, and can finish him off quicker."

GENERAL APPROPRIATIONS BILL GOES TO THIRD READING

SACRAMENTO, March 10.—The general appropriation bill, introduced into the assembly by the ways and means committee last Friday and rushed to final passage on Monday, was taken up by the senate today. After a few minor amendments it was sent to third reading.

PRIEST SHOT TO DEATH; THREE WOUNDS IN BODY

Housekeeper Flying to His Aid Is Shot
and Ruthlessly Trampled Under
Foot by the Assassins

NEWARK, N. J., Mar. 10.—Rev. Erasmus Ansione, the curate of St. Stanislaus Polish Catholic church, was shot down in the rectory of the church early today by three men, and died on the way to the hospital.

Miss Tonista, housekeeper at the rectory, who endeavored to prevent the assassination of the priest, was shot also and will die. The assassins fled after the attack and have not been apprehended, and the cause of the shooting is unknown.

Father Ansione came from Patterson, N. J., two months ago, having been assistant rector there. A year ago there was trouble among the parishioners, but it is understood the priest did not participate in the quarrels.

St. Stanislaus is the largest Polish

Catholic church in New Jersey. The rectory in which the murder was committed adjoins the church. Father Joseph Masnicki, the rector, was offering mass in the church when the doorbell of the rectory rang. Miss Tonista, the housekeeper, aged forty-seven, responded. She discovered a group of three or four men, one of whom asked for Father Ansione.

The priest escorted them to the front parlor, but what occurred in the little room is yet a mystery. When the housekeeper heard the shots she ran screaming to the priest's aid. The assassins ran from the room trampling the housekeeper's body under their feet as they went.

The police have no accurate description of the men as the woman is seriously wounded and is only able to gasp out the story bit by bit.

Suspects Arrested

PATTERSON, N. J., March 10.—This afternoon the police arrested Alexander Sendykaski, a former Newark policeman; Michael Pruch, Antonia Sewczyk, and another prisoner whose name was not learned.

The priest was shot three times in the body. It is reported this afternoon that the housekeeper has a slight chance of recovery.

TRAINS MEET IN COLLISION

Eastbound Flyers Crash With—

SACRAMENTO, March 10.—The westbound fast mail train, No. 9, and the eastbound overland No. 4, on the Southern Pacific, met in a head-on collision at Cannon, a small station between Suisun and Elmira at 11:48 today. As far as learned here this afternoon no passengers were very seriously injured. Two members of the train crew were reported as hurt, but there were no fatalities. Mistaken signals are believed to have been the cause. A relief train was sent from here at noon. The fast mail left Sacramento at 9:55 this morning for San Francisco, and the overland left San Francisco for the east this morning. The overland was supposed to sidetrack for the mail train.

AN OLD FASHIONED HOLD UP IN NEVADA

Two Men Stood Off "Barkeep"
and Houseful of Gamblers;
\$700 Was the Loot

CARSON, Nev., March 10.—Armed men entered the Tupin saloon early today, and after robbing the occupants, including the barkeeper and a house full of gamblers, escaped with seven hundred dollars.

The men pulled off the hold-up in true western style. One held up the victims while the other rifled the cash drawer of the saloon and the gambling tables. Although the owners of the saloon declare they only lost seven hundred dollars, it is believed the sum was much greater, as the Tupin is the largest gambling house here.

John R. Keene, the young man who has pleaded guilty to burglarizing Hawley's Gun Store, has confessed fully to the burglary of the pawnshop of W. J. Powell at Riverside on Dec. 14. Just what effect this full confession will have on the sentence to be given Keene on Friday morning in the Superior court here, remains to be seen. Keene, since his arrest for robbing Hawley's store, has presented somewhat of a puzzle. He made what appeared to be a sincere statement of his case, saying that he stole that he might get money to send to his little sister in school. It is thought that one reason why the sentencing of Keene was put off ten days from the time of his entering a guilty plea was to determine if possible whether or not he was telling the truth. The indications now are that Keene has not been telling a straight story, and it would seem that all the chances are he will go to the penitentiary.

On information sent to Riverside by District Attorney Davis, Chief of Police Clayton of Riverside, has visited Keene in jail here in regard to the Powell burglary at Riverside, in which seventeen revolvers were stolen.

When brought before the Riverside officer and questioned as to whether he had been in Riverside during November or December, the man at first refused to say anything, but becoming impressed with the belief that there was considerable evidence against him, the prisoner became exceedingly nervous and made a full confession of the burglary of the Powell store.

He described minutely how he had secured the booty. He stated that he had used his coat to wrap up the guns, and upon retiring to the alley found a gunny sack. After transferring the goods to the sack he made his way up Sixth to the railroad and walked to Colton, taking a freight at

Melvin Ross Awakes to Find
Intruder Reaching for a
Pair of Trousers

NINETY-FIVE CENTS, EGGS AND A LOAF

Man Hidden in Home on North
Baker for Several Hours
Last Night

A barefoot burglar got away with half a dozen eggs and a purse containing ninety-five cents at the residence of Uriah Ross on North Baker street last night about two o'clock. One of the incidents of the night was the awakening of Melvin Ross to find a burglar sitting on his bed.

When Mr. and Mrs. Ross retired last night a back door was left open for one of their sons, Melvin, who was to be out late at a party. Mrs. Ross heard the burglar enter the house and move about downstairs, but supposed it was her son. This was about ten o'clock. Wondering that Melvin should be home that early, Mrs. Ross went down stairs. Melvin was not there. She then thought possibly a burglar had been there, and she looked in the pantry where a purse with ninety-five cents in it had been left. The purse was gone. Thinking possibly she had been mistaken in the sounds and that Melvin had the purse with him, Mrs. Ross returned to bed. Later she again heard some one moving around down stairs. In a few minutes she went down. From the appearance of Melvin's bed Mrs. Ross saw that some one had been lying down on it. She then thought Melvin had come in and had gone out to the pasture to look after a sick colt.

Melvin came in about 1:30. He said he had not been in the house. Mrs. Ross told him that the purse had been taken. Melvin did not have it.

An hour later Melvin, who had gone to sleep, was awakened by the cracking of the springs on his bed. A man was sitting on the edge of the bed and was reaching for Melvin's trousers hanging at the head of the bed. Melvin called out. The man ran into a closet beneath the stairway and from that place dodged out the back door.

From the description the boy was able to give Mr. and Mrs. Ross believe the burglar was a tramp who was fed at the house on Sunday. It is thought he knew the boy would return and that he hid in the closet that he might get what money Melvin had with him.

The man was hungry. He took a loaf of bread and half a dozen eggs from the kitchen and some food from the pantry.

Officers were unable to find any tracks this morning.

\$1000 Incomes

PARIS, March 10.—The Chamber of Deputies yesterday passed the income tax bill by 407 to 166.

By this bill day laborers are practically exempted. Taxes are progressive up to 4 per cent of the total on incomes above \$1000 per year. The bill will entirely readjust the fiscal system of France.

EDWARD OF ENGLAND WAS REPORTED DEAD

Morning Rumor of King's Sudden Death
Startled London at Breakfast but
Was soon Denied

LONDON, March 10.—Advises received at foreign office shortly before noon today discredited the morning rumor of King Edward's death and the alarming reports in circulation regarding his health. The king yesterday afternoon motored to the golf links and planned to go to Pau tomorrow or Friday to watch Wright's aeroplane tests.

KING'S DEATH WAS REPORTED

LONDON, March 10.—It was reported this morning from Biarritz that King Edward of England had died suddenly during the night.

The king and queen went recently to Biarritz, which is in the Pyrenees

mountains, for their health. Both sovereigns were in poor health but the gravest danger was believed to be that of the queen's.

The reported demise of the king, followed a constant rumor that he was more seriously ill than at first supposed. When he delivered his speech before Parliament it is remembered that he had no animation. It was also reported that he fainted while in Berlin on a recent visit to the Kaiser. The foreign office was closed when the rumor of his death was first received at an early hour this morning, and it was impossible to obtain verification.

OLD OFFICERS ARE NAMED AT THE ANNUAL MEETING

Of W. C. T. U. Held Yesterday; Mrs. Tedford Praised for Services; Splendid Reports Heard

The W. C. T. U. met at the home of Mrs. W. F. Lutz, 1416 North Main street, yesterday afternoon for its annual meeting and election of officers. Mrs. L. A. Galloway assisted Mrs. Lutz. The devotional service was led by Mrs. Galloway, "Bless Be the Tie That Binds," and "He Leadeth Me" were sung and each member quoted a verse of promise.

The result of the election shows the following officers, no change being made except the addition of a second vice-president:

President, Mrs. Walter Tedford; first vice-president, Mrs. M. L. Tillotson; second vice-president, Mrs. J. N. Anderson; recording secretary, Mrs. Lea Warren; corresponding secretary, Mrs. J. H. Rankin; treasurer, Mrs. C. G. Ramsey.

Much rejoicing was shown when our beloved president, Mrs. Walter B. Tedford, after great reluctance, consented to again become the president of the Woman's Christian Temperance Union. Mrs. Tedford had asked to be relieved, much to the regret of all. Her faithful, untiring efforts in bringing the union up to the standard it is, is duly appreciated by every member and friend of the union.

The treasurer, Mrs. C. G. Ramsey, gave the report of the year, showing a balance of \$141.33.

Mrs. J. E. Kellogg gave the auditor's report. Superintendent of Soldiers and Sailors' Work Mrs. H. Clay Kellogg asked the union to assist in making comfort bags for the sailors on the California, which will soon be in port in Southern California. A committee consisting of Mrs. Clay Kellogg, Mrs. Warren and Mrs. Galloway, was appointed to look after the matter.

Mrs. Potter, flower mission superintendent, reported sending 300 bouquets, calla lilies, fruit, jellies and clothing.

Mrs. Gould reported for the Mercy department. A meeting, with "Mercy" for the special subject, was held. This department has for its chief aim humane education, kindness to animals and lower forms of life, but it includes kindness to all our fellow men as well. This department in the W. C. T. U. carries on its work all through the year.

Mrs. Jessie Burns reported for the music. There has been music furnished for all the meetings held since last election. Music was provided for the state convention, including solos, children's choruses, quartets, etc., and some special numbers.

Mrs. Lea Warren gave the following press report: All notices of meetings, and all reports of regular

meetings and any other meeting held by the W. C. T. U. have been printed in the daily papers, the Blade and Register. These papers have been very courteous to the press reporter and much of the success of the year's work is due to the press work. The church bulletins also have given the W. C. T. U. all the room asked for, and all notices of meetings have been printed in them.

Miss Sarah Finley, superintendent of Sunday school temperance, reported secretaries for all Sunday schools, and felt that during the past year more faithful, earnest work has been done in the Sunday schools along the temperance line than ever before. Each temperance Sunday has been faithfully observed by temperance sermons by the pastor, and in the schools by addresses.

Mrs. Oakley, superintendent of Scientific Temperance Instruction, has made ten visits to the schools of Santa Ana, distributed over 500 pages of literature, interested the teachers and pupils in preparing the essays for the prize essay contest, and is at the present time trying to supply the different schools with Union Signals, Crusader Monthlies and clippings.

Mrs. Anna Hill reported that during the year three of the regular meetings of the union had been planned for the benefit of the mothers in the home training of their children. Besides these, the superintendent had supervision of ten meetings held jointly by the mothers and teachers in the public schools, the average attendance of these meetings being forty.

Mrs. J. H. Rankin, corresponding secretary, gave her report, which is given elsewhere.

Plans and suggestions for the year were given by a number of the members, and a calling committee to visit the members and the sick was appointed. An evening meeting in which the men could have a part was planned and will be arranged for soon.

The county president, Mrs. Norman, announced that the County Executive and Institute would be held in Garden Grove on Friday, March 12, and invited the union to attend. The Santa Ana union voted to invite the county convention to meet in Santa Ana.

At the close of the meeting Mrs. Lutz and Mrs. Galloway served delicious fruitade.

The subject for the next W. C. T. U. meeting is "Work of E. S. Chapman." Those in charge of the meeting are Mrs. E. H. Edwards, Mrs. Kate K. Roberts, Mrs. Talcott, and it will be held on Tuesday, March 23. The following excellent report of

the year's work was given by the corresponding secretary, Mrs. J. H. Rankin:

Report of 1908-09

I submit the following report of the W. C. T. U. for the year 1908-09: The year has been a very successful one. The W. C. T. U. has always entered into the work of helping place our city to the front morally. Much more has been accomplished in this year than in any previous year, for which we have great reason to be thankful.

The union having a sum of money on hand, it was decided to put this to some good purpose. A fountain for the city was proposed, the matter being taken under serious consideration in February, 1908. The amount on hand being insufficient to complete the structure, a subscription was taken among the members of the union. It was completed with the exception of the electric wires (the city inspector refusing to allow them to be put in place), and dedicated during the time of the convention in May, 1908. It is certainly a credit not only to the union, but to the city as well.

The Southern California convention held at the Presbyterian church, May 19, 20 and 21. Included the nine southern counties of the state, Miss Stickney acting as presiding officer. 345 delegates were in attendance.

The church was beautifully decorated with an endless silver jubilee chain of 2000 links, it being significant of the twenty-fifth anniversary of the founding of the organization in Southern California. Each member of Orange county contributed 25 cents toward the chain.

Two contests were held during the year, the first being in May at the Opera House, conducted by State Superintendent Miss Wiley. The second was on October 23, in Spurgeon's Hall, under the supervision of County Superintendent Mrs. Gould, which was won by Miss Cooper of Tustin.

We maintain a rest room at the City Hall for the use of the public. Mrs. Thursby has been very faithful in looking after it. Her work has been appreciated. During the Carnival of Products a rest room, in addition to the one already in the City Hall, was provided with chairs, cushions, and accessories for comfort, where the weary visitors spent much time in rest.

Two receptions were given the teachers and board of education during the year, the first being on February 21, 1908, at the home of Senator and Mrs. J. N. Anderson, 175 being present. The second was on November 6, at Odd Fellows Hall, the reception being followed by a banquet. About 225 were in attendance.

We have had four speakers during the year, namely: Mrs. Hartford, Miss Wiley, Miss Stickney and Mr. McKoon, and each gave much that was of great good to every one present.

The union provided twenty library chairs and fifty folding chairs for the Y. M. C. C. at a cost of \$66.80.

A box luncheon was provided and sold at Birch Park during the time of the G. A. R. encampment, held in April, 1908, the proceeds from the sales netting the union \$54.

Four destitute families have been helped with money, food and clothing during the year, also many distributions to the poor at Christmas time, amounting to forty boxes, one-third of which went to the Spanish poor.

The average attendance during the year, including visitors, was forty. An essay contest was held under the supervision of Mrs. Oakley, in which the High School pupils, and seventh and eighth grades competed for a prize. Charles Swanner of the High School, and George Alsbach received beautiful watch fob medals.

ORANGE THEY WOULD PAVE ON SOUTH GLASSSELL

At the meeting of the city trustees Monday night the petition of K. E. Watson and others for paving South Glasssell from Almond to Palmyra with asphalt was granted. The petition of F. Bibb Meyer for permission to cut trees on West Palm street that he might plant palms was referred to the street committee with power to act.

C. J. Porter stated that the cement men could furnish a six-to-one cement block for paving purposes that would cost less than asphalt.

W. H. H. Clayton was before the board on behalf of some of the West Chauman street property owners opposing permanent paving until the sewer system is established.

The city health officer was given permission to buy materials for fumigating houses where there had been cases of contagious diseases.

DON'T STARVE THE STOMACH TO CURE

There Will Be No More Stomach Trouble if You Will Take a Little Diapepsin

—Miserable indeed is the man or woman whose digestive system is unstrung—who goes to the table and can not eat or what little is eaten seems to fill them and lays like a lump of lead in the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent case of Pape's Diapepsin and eat one 22-grain Triangle after your next meal you would appreciate, five minutes later, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour risings or belching of gas, no heartburn, flatulency or eructations or undigested food and acid or feeling of nausea, fullness, headache or other symptoms of a weakened stomach.

Stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapepsin works your stomach rests—gets itself in order. Diapepsin purifies and sweetens a sour stomach and freshens the intestines without the use of laxatives, and what is more, it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured what you then eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the breath with nauseous odors.

Get a 50-cent case from your druggist now—you ought to have Diapepsin about the house always. Should one of your family eat something which does not agree with him or her, or for a sour stomach or excessive gas, one triangle will always give immediate relief.

WAS HE LUCKY

A man recently deceased was nicknamed "Lucky" because of the success that uniformly followed his many ventures in the business world. He commenced life with nothing and at the end of his career, his estate may net his heirs the enormous sum of \$30,000,000. Was it luck, and are the young men of today so to understand it?

There is a disposition among those who do not succeed to attribute their losses to ill luck. It is a way they have of consoling themselves. So when another wins success they ascribe it to "luck," arguing that as luck is something over which no one can have control, it is to no one's credit to succeed nor discredit to fail.

This is all bosh! There is no such thing as "luck" except in the befuddled minds of the superstitious. Your genuine gambler who relies on luck is the most superstitious article on the market. He is full of the nonsense of good and evil omens and of every conceivable mysticism. With him, reasoning along the lines of recognized business principles is the rankest heresy and a disgrace to the "profession." The so-called gambler who succeeds is not a gambler at all. He is simply a trickster and succeeds by a swindle.

Let us inquire wherein there was any chance for mere "luck" to have made the \$30,000,000 above referred to. The owner of it started out as a traveling huxter, then went into the grocery business. Then came to California where he was a miner, a hotel keeper, a liveryman, a showman, a dealer in mining and other stocks, a banker, a rancher and a horse dealer and horse racer. Here certainly is a wide range of occupations, and yet he uniformly made money from them.

Only business ability of the highest order could have gained such marked success from so many diverse undertakings. Had his energies been confined to the stock market in which he showed himself a master, no telling what might have been the result. But he was one of those universal geniuses that cannot be confined to one thing. There are but a few such men, and the wonder is that he ever had a dollar ahead. Luck, however, had about as much to do with his success as it does with the multiplication table.

It is said that his employees all liked him, and had he been of a different turn of mind, he might, with the vast tract over which he ruled in the San Gabriel valley, have been of great value to humanity in establishing educational and charitable institutions. But his bent seemed to be in the op-

posite direction, and to the last he surrounded himself with those elements that are supposed to be at war with society. The peculiar mental characteristics that impel an octogenarian to turn from the peace and quiet that so much wealth would assure to the violent excitement and horrible depravity attending race track gambling, are past human ken.

A TALE OF TWO MEN

There has just left the White House a man about whom history will have much to say, and of whom we all know enough to regard him as a reformer of the best type. For many years he has been in the limelight, under which he continually increased in favor with the people.

This man began his public career when political morality was considered almost as a thing of the past, and in that part of the country where it was almost a by-word. Suddenly he sprang into the arena as the champion of popular government, and lay about him so vigorously that he soon had the grafters on the run, and has kept them moving at a lively clip ever since. All this time, all his marvelous mental and physical equipment and all his soul have always been at the service of the American people. No "influence" has ever been able to reach him, and from the first he has been a "free lance." Joyfully and successfully has he withstood every assault of the combined forces of corruption, asking no quarter, and now instead of posing as a deliverer of his country, he makes light of the sacrifices he has made by saying he has "had a corking good time."

Now turn to the other figure. The boss boodler of San Francisco, Abraham Ruef, is also a great man in his way. It is probable that no one ever more fully understood the game of politics or played it better than he. But he was in it for a different purpose than Theodore Roosevelt, and herein lies a comparison that is actually startling. Roosevelt made his fight for the people and Ruef against them. One for reform, the other for graft; one to protect, the other to rob; one for the truth, the other for a lie; one to drag villainy to the light of publicity and the other to shield and hide it under the cloak of darkness.

That is to this.

Hyperion to a satyr.

These two men represent two forces that are at work in this country, one against the other, and though the side of Roosevelt is now in the lead, we must not think the battle is over. It has really just begun, and will continue until the end of time. It is encouraging to see Roosevelt step out of office amidst the plaudits of a grateful people with Ruef languishing in a felon's cell. But that does not settle it. There are other Ruefs and they will have plenty of backing. With the elements they can always control, and with the public conscience at as low an ebb as it was at the beginning of Roosevelt's career, they can maintain themselves in spite of the people. So did Ruef in San Francisco when practically everyone knew what he was doing. The only protection against such plagues is to quicken and enlighten the conscience of the people, and now

BOY IS ADOPTED AND NAME CHANGED

Mrs. Mary Stearns of Newport Beach this morning adopted as her child Paul Zimmerman, aged 3 years, and the boy's name henceforth will be Paul Bryant Stearns. He was given to Mrs. Stearns by the Children's Home Society of California. G. F. Whittey, secretary of that society, and T. M. Stewart of Los Angeles, attorney, were present at the proceedings. The child was born July 15, 1905, and has been in Mrs. Stearns' care since Feb. 11, 1906. The boy is a bright-faced little fellow with long yellow curls.

KEEFE DECLARES HE OVERPAID LAUGHLIN

Editor Register:—In your reports of the Peter Laughlin trial the statement was made that the quarrel originated over wages. There was no wages due him at the time of the shooting. He had been paid \$107.00 for three and a half month's work. At the time he was paid he demanded \$50.00 more. On inquiry what it was for he claimed that as he had worked one Sunday he was entitled to all the Sundays in the year, amounting to \$50.00. He was overpaid for all the work he had done for me.

GOOD NEWS

Many Santa Ana Readers Have Heard It and Profited Thereby

"Good news travels fast," and the thousands of bad back sufferers in Santa Ana are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

M. McWethy, 1014 French street, Santa Ana, Cal., says: "From the time I left the army I had a weak back and pains across my loins, the pains becoming so severe at times that I was unable to get up or down without enduring intense agony. I was bothered greatly with the kidney secretions which at times would be far too frequent in action and at others just the reverse. I heard of Doan's Kidney Pills, procured them at H. S. Tubbs & Co.'s drug store and found them to be all they were represented to be. A few weeks use drove away the pains and restored the kidney secretions to a normal action. I made a statement in 1903 recommending Doan's Kidney Pills and say again now that they are a sure and safe remedy for kidney disorders."

that point for Los Angeles.

He was exceedingly hazy as to where he had disposed of the guns. He remembered selling one weapon of peculiar shape at a certain store near the Los Angeles postoffice, but without making a trip to the city declared he could give no further information.

On Monday Keene forwarded to Chief Clayton a list of the guns he had stolen at Riverside, so far as he could remember them, and tells of two Los Angeles stores at which he disposed of two of the weapons. Several designated with an "x" he stated had been recovered by a Los Angeles officer.

In his letter Keene made mention of a prominent Riverside attorney who had secured him a job with the street department, and stated that while in Riverside he went under the name of John C. Wren. He states further that he owes the gentleman the sum of \$1, and intended to repay it but didn't succeed in getting enough money together. However, as he alleges that the sum of 50 cents is still coming to him from the Riverside street department, there is still opportunity for Keene, alias Wren, to reimburse his benefactor in some measure.

THE KANSAS TIN SHOP

No. 4

We have observed that among the lines of business represented in Santa Ana some of the hardware houses are trying to boost their business by "going for it."

Those fellows are sending out "drummers" thus acting on the advice of some of the jobbing houses.

Now, it costs lots of money to send a man out on the streets and highways and it doesn't add to the general volume of business (except as hereinbefore stated.)

For the past twenty-three (23) years we have been "doing business" in Santa Ana and we have been fairly successful.

We have endeavored to give full value for the money we have received.

We have relied on square dealing and legitimate advertising to secure a fair share of the business of town and country.

We have no quarrel with anyone who chooses to send out solicitors for any purpose they may choose, but we will not follow them in that line.

But instead we will estimate a fair value for the time spent in "drumming" for the business and give the buyer the benefit.

We are aware that we will be accused of CUTTING PRICES and before we get through with this matter the evidence of that fact will be conclusive.

We have not been exacting an undue margin for our time and the money employed.

We "own every brick in the hut" we occupy and feel fully able to transact the business on a smaller margin than we otherwise could.

We have fully concluded that instead of dividing our profits with the "Drummer" we will divide with the purchasers.

Millinery Opening

On Saturday next, Mrs. J. L. DeVore will have a millinery opening, and she promises to show the ladies of Santa Ana the finest line she has ever brought to this city. That her par-

lors will be crowded is quite certain, as the sunny days take the mind quite naturally to Spring hats and the dainty garlands that embellish them.

W. C. T. U. Executive Meeting

The W. C. T. U. County Executive, which will be held next Friday at Garden Grove, beginning at 10 o'clock, will doubtless prove an unusually interesting affair, as a program of extra merit has been prepared.

All the new presidents of unions over the county are especially urged to be present. Their expenses will be defrayed by the executive committee, and this meeting will be a good starter for them on their new duties for the coming year.

Mothers-Teachers' Meeting

Another mothers-teachers' meeting is being arranged for, to be held next Friday afternoon at 3 o'clock in the primary room of the Third street school. This meeting will consider topics concerning the primary section and the kindergarten.

The committee in charge comprises Mesdames Saul and Metz and Miss M. E. Giffin.

A St. Patrick's Social

St. Patrick was the jolly patron of a social meeting of the C. E. Society of the First Presbyterian church, held Monday night at the home of Miss Esther Patterson on Orange avenue.

Decorations were all in green in honor of the Irish saint, and the fa-

mous tuber of the Emerald Isle figured in most of the games. One of the most amusing of these was an animal making contest, toothpicks, potatoes and peanuts being the primitive materials with which the workers moulded some sort of an animal.

Miss Velda Medlock was one of the early passengers going out to Los Angeles this morning, taking the 7:40 car for her daily trip to the city.

Mrs. A. H. Nickell of 806 G street, spent today in Los Angeles.

Mrs. C. A. Kingston was a passenger on the Los Angeles bound car this morning.

Andrew Getty went to the city this morning.

Mr. and Mrs. Thomas McKeever went out on an early Los Angeles car this morning.

District Attorney S. M. Davis attended the Newport Beach Chamber of Commerce banquet at Balboa last night.

Mrs. D. H. Thomas spent today in Los Angeles.

H. Clay Kellogg, who went to Los Angeles yesterday in response to a telegram from Assemblyman Melrose, expects to be back by Friday or Saturday.

Mrs. Lena Parsons, of 106 East Chestnut street, was an outgoing passenger on a morning electric car.

Mr. and Mrs. Thomas Charlton of Buffalo, N. Y., who have been visiting here for the past six months, left here today for Long Beach. After a fortnight there they will go to their Eastern home.

Mrs. David Kilgore and Mrs. Alice Livingstone of Washington, Iowa, arrived on Monday evening for a few weeks' visit with their brother, Rev. W. L. C. Samson and wife.

Musical Section Afternoon

The Musical Section of the Ebell club had a delightful meeting Monday afternoon at the home of Mrs. H. G. Hull, with Mrs. S. M. Dearing in charge of the program. Mrs. Dearing opened the program with an excellent biographical sketch of Bach, the composer whose influence and music were considered during the afternoon.

A Saraband and a Gavotte were played and the characteristics explained by Miss Dresser. Miss Bradford also played a Saraband. Preludes Nos. 8 and 21, and a "Fantasia" were contributed by Miss Ruth Dearing.

Vocal numbers by members were: "A Slumber Song," sung by Mrs. Rafferty, and "My Heart is Ever Faithful," sung by Miss Witt. A paper on "Preludes and Fugues," by Mrs. Victor Montgomery and the reading by Mrs. Rafferty of an article on the modern interpretation of Bach's music, were profitable additions to the program.

Special music was rendered by guests of the club: Miss Beth Harrison sang Tosti's Serenade, and "Calm as the Night" by Bohm, which was rendered in German. Mr. Percy Richards sang, "The Wreath," by Kenneth Rae, "Less Than the Dust," by Amy Woodford-Finden as an encore, and "The Rebel," by William Wallace.

Class Men Enjoy Evening

The boys of the '09 B class of the High School enjoyed a very pleasant social evening last night at the home of the class president, Albert Fields, all the men of the class being present.

Music, cards and conversation furnished the entertainment. Among the many musical numbers rendered the "Swan Song," by Raymond Waite, a clarinet solo by Albert Hill, and a clarinet and piccolo duet by Messrs. Hill and Fields were especially well received. Delicious refreshments were served as a culmination of the pleasant affair.

The class men had such a jolly good time that they departed only at a late hour, enthusiastically planning for another such social function in the near future.

A. G. Matthews and his family left for Los Angeles today for permanent

Company L Benefit Tonight

Tonight occurs the first of the benefit shows to be given at the Temple Theater for Company L, under the auspices of the Merchants & Manufacturers' Association.

An attractive entertainment including picture plays, picture songs, costumed ballad singing and orchestra music, will be preceded by a street parade by Company L, headed by the Columbia Band. At 7 p. m. a drill by Company L will be given in front of the Temple Theater, also a free concert. The first show begins at 7:15 and the other at 9 p. m. Everybody who is interested in the success of Company L should patronize this entertainment and that of tomorrow night.

Club Entertained Club

The Neighbors' Club was entertained most delightfully yesterday afternoon by the North Side Club at the residence of Mrs. George Preble.

The beautiful home of the Prebles, lately completed, is so exquisite in finishing and furnishing as to be a joy to every one present. To add to the charm of the scene, each room had an individual decorative scheme in flowers and greenery.

The ladies of the entertaining club were most skillful and zealous hostesses and had arranged pleasant guessing diversions that were both diverting and sharpening to the wits. Mesdames Oliver Remsburg and Mrs. John King charmed the ladies with vocal numbers and were praised enthusiastically.

Most delectable refreshments of the daintiest kind were beautifully served by the hostesses, small tables being used for the serving.

The afternoon was thoroughly enjoyed and a link of social friendship established between the clubs that will not soon be broken.

C. E. Convention

The Christian Endeavorers are anticipating a delightful time at the annual convention to be held next Saturday at El Modena, where they will go in all sorts of conveyances, from autos to hay wagons.

The visitors will be entertained with lunch by the El Modenaites.

WOULD FORM RIFLES HERE

Movement on Foot to Form Organization Here, Purpose Develop Marsmanship

A movement is on foot in Santa Ana, headed by J. A. McFadden and Major Vestal, to form a company under the American Rifle Association at this place. Conferences concerning the proposed organization have already been held and a meeting, to which all prospective members will be invited and urged to attend, will be held later in the month.

The rifle company will be a kind of auxiliary of the national guards, but is a separate organization. Rifle shooting is the one purpose. Members get the regular army rifle and ammunition at a low figure, and state ranges may be used in practice. Twenty or more men are wanted to form a company of rifles here.

WAS PLAINTIFF NOW DEFENDANT

Woman Who Claimed Romero Cheated Her is Sued by Lugardo Silvas

Jennie Moreo or Murillo, as you might call it were the name pronounced to you in Spanish, is now defendant in an action that calls into question her right to a piece of property at El Modena, which same property was subject of a quiet title suit brought by her against Edwardo Romero before Romero died suddenly a few months ago. Attorney S. M. Davis for Lugardo Y. Silvas has filed the second complaint in quieting title.

Jennie Moreo in her complaint against Romero claimed that she had put up the money for the purchase of the property but that the deed was made out in Romero's name, he taking advantage of the woman's ignorance of forms. In the meantime Silvas had secured title from Romero.

Silvas claims that on Nov. 13, probably about the time Romero died, the woman took possession. The court is asked to compel her to give up possession and to declare the title vested in Silvas. Lots 4 and 5, block 6, Burnett's subdivision at El Modena is the property concerned.

BOY ON TRIAL BEFORE JURY

Prosecution in Carl Schultz Case Has Finished and Defense Has Begun

Today Justice of the Peace Smithwick and a jury are hearing evidence in the trial of Carl Schultz, charged with cruelty to an animal. At 2:30 o'clock the prosecution, conducted by Deputy District Attorney Rutan, had finished its case, and the defense, conducted by Attorney E. E. Keach, had commenced. The witnesses examined by the prosecution were Ray Newman, Frank Shevita, Merrill Jasper, J. S. Wasser, W. W. Wasser and Dr. C. E. Price. The horse, went their testimony, was returned after being driven by Carl Schultz on a paper delivery route about Talbert on a day when the roads were heavy. The horse was found in a weakened condition by Dr. Price. On an examination following the animal's death it was found that death had been produced as the result of the breaking of blood vessels in the lungs, over-exertion being the cause.

From all the cross-questioning of Attorney Keach it was evident that the purpose of the defense is to show that the horse was not a well horse when sent out on the trip, which was known to be a hard trip. Dr. Lord was called to the stand for the defense.

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

Absolutely Free

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in color.

Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John Balcolm Shaw, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one of the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Vick's Magazine

"A PERIODICAL OF PROGRESS"

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions, Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed on good stock.

Here Is Our Offer

SAYS CUT-OFF NOT SO SOON

General Manager Wells Finds
No Foundation in Rumor at
Fullerton

Los Angeles Times: The oft-circulated report that the Santa Fe cut-off between Fullerton and Richmond is to be built immediately is again going the rounds. Within the past few days Superintendent Hitchcock and other officials of the Santa Fe have been in Fullerton, and it is assured took the matter up with certain Placentia parties who accompanied them over the route which has been long surveyed. Some of these are reported to have since stated that this cut-off will be built sooner or later, and also that the Santa Fe is averse to any publicity at this time.

General Manager A. G. Wells is emphatic in his denial of the report. He says there is absolutely no foundation to it. He denies that the cut-off is to be built in the immediate future, and says no plans are considered.

The Santa Fe has just completed a large amount of reconstruction in the vicinity of Fullerton, and officials say Mr. Hitchcock's presence was in connection with this work, and had no bearing on the proposed cut-off.

Attractions at
the Theaters

"Two Orphans" Tonight
There has not been more laughter at the Grand since its existence than there was last night. It was produced by the comedy, "All Due to Diana," adapted by Marie Coe and Lelia Cortelyou. The central idea is to give an exaggerated case of mother-in-law. While the idea is not new, it is an admirably conceived and constructed play and the audience laughed continuously over the adventures of the cast and the performance was a good one. The illustrated song, "My Yankee Sailor Boy," was given in good voice by Ray Collins.

Tonight there will be a splendid production of the drama, "The Two Orphans." Everything used in the performance is carried complete by the company and Manager Elleford guarantees a perfect production, both scenic and costume.

At the Saturday matinee everybody will have a treat in the fairy tale, "Cinderella."

"The Spirit of '76"

Is a good thing to remember; also the M. & M.'s big show for the benefit of Company L tonight and Thursday night, at the Temple Theater. "The Spirit of '76" and "Tenting on the Old Camp Ground" are two numbers of the long program, which includes vocal, comedy and specialty numbers. Everyone will have a good time and will be happy for having helped a good cause. Allow nothing to prevent you from buying tickets. Come out early. See the big parade, hear the fine music by the Columbia Band, and then attend the big show.

\$100 REWARD, \$100

—The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LOS ANGELES PRODUCE MARKET

The feeling in potatoes is gradually firming up and had it not been for the arrival of twenty cars of spuds from various parts of the north and middle western states, the market would probably have advanced 25 cents. Owing to the fact that prices here are just the same as in Idaho, Oregon and a number of other shipping localities, growers and brokers holding stock in these places will not ship here and pay the additional freight, particularly not when prices and demands are sufficient in their own district to move the tubers. Among the largest sales of spuds yesterday was one of a car of White Rose seed which brought almost the jobbing price, and a car of Highlands, which did not grade up to requirements and was sold cheap on that account.

While arrivals remain under 500 cases a day, there is little chance that egg prices will decrease rapidly. Yesterday receipts were 484 cases, and selling was excellent. There were no changes in quotations. One local dealer at the present time is offering farmers \$6 a case f.o.b., Los Angeles, cases returned. This is on case-count stock, and is considered a very good figure.

Butter sold well and arrivals were 25,119 pounds. This made for a weaker market. Sales were confined chiefly to creamery extra and cooking stock. Dairy butter receipts were reported good. The demand for northern cheese was excellent and the price unaltered. Arrivals were 5860 pounds. Onion receipts were very light and the market firm. The call was not very heavy. There was a slight decline in the value of Bermudas, they selling from 6 to 7 cents a pound, against 8, at which they started. Sweet potato arrivals were light.

Asparagus was plentiful and down 1 cent. Lettuce broke badly on account of the poor condition of a majority of

HIGH SCHOOL SCRUB NIGHT

Part of the Paint is Removed
From the Sidewalks by
Senior Boys

Four Lads Who Put It There
Were Ordered Suspended
Until Monday

There was some scrubbing on the sidewalks about the High School last night and between now and next Monday there will be some more of it. Last night the four boys, Albert Hill, Elmer Worthy, Verne Baker and David Todd, who last Friday night painted '09-B class numerals and letters on the sidewalks, went

before the Board of Education and admitted they were responsible for the painting. The school board decided that, as punishment sufficient to show the remainder of the school that such things must not be, the four boys be suspended until next Monday when they will again take up their studies provided the paint is cleaned off the sidewalks.

The senior class, to which the boys belong, formed a scrubbing gang last night and a portion of the decorated sidewalk was cleaned. The paint is down hard and fast, but elbow grease, soap and water makes an impression.

Scotch Law Deprives Woman
of Marriage Settlement and
Benefits Man

EDINBURGH, Scotland, March 10. —Judge Guthrie today granted John Sterling an interlocutory decree of divorce from his wife, Clara Elizabeth Sterling, to whose suit for divorce Sterling filed a cross petition. Mrs. Sterling was formerly a Washington, D. C. actress.

Under the Scotch law the woman loses all her title to her marriage settlement, while Sterling can claim an interest in his wife's property. Sterling was given the custody of the only child.

The divorce proceedings stirred society. Mrs. Sterling alleged an intimacy between her husband and Mrs. Atherton, a famous beauty, and Sterling charged his wife with intimacy with Lord Northland.

I mean I am keeping up my Slogan. I am using this space because I have a bargain and wish investors to know it, and when I say bargain I mean it

MY SPECIALTY THIS WEEK

This property consists of 56 acres belonging to a non-resident. He is a railroad man. Done nothing all his life but railroad. A few years ago he tried the simple life and became a rancher. He is now back in the railroad business and has no use for this property and is offering it at a bargain. The improvements consist of a good comfortable 6 room house, windmill, tank, barn, corra's, and outbuildings. 10 or 12 acres are in beets and 5 or 6 acres in barley, the balance is in pasture. This piece of land is situated two miles from the sugar beet factory and a mile from the city limits of Santa Ana with good roads leading to either place.

Price of this property is \$160.00 per acre as a whole. It can be divided if necessary. This property is free and clear from incumbrances and can be sold on terms to suit the purchaser.
